European Women in Mathematics

Mission

The purposes of EWM are:

- *To encourage women to take up and continue their studies in mathematics and to promote mathematics among women.*
- *To support women with or desiring careers in research in mathematics or mathematics related fields.*
- *To provide a meeting place for these women.*
- *To foster international scientific communications among women within and across fields in mathematics.*
- *To promote equal opportunity and equal treatment of women and men in the mathematical community.*
- *To cooperate with groups and organizations with similar goals.*

(Article 2, Clause 1 of the Statutes)
