

The frames of type \tilde{D}_4

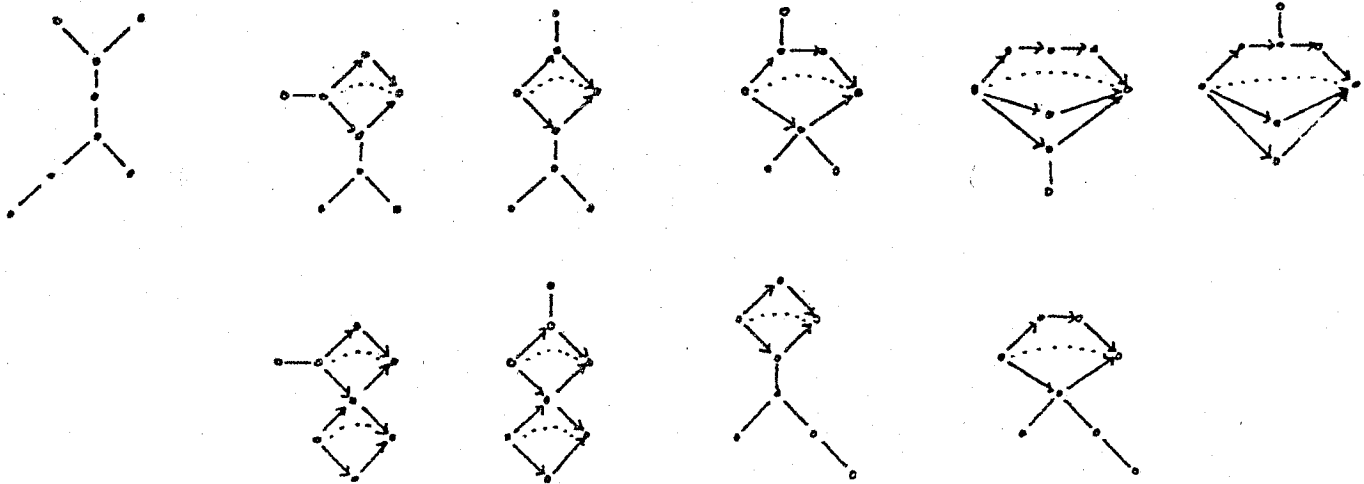

The frames of type T_{11111}

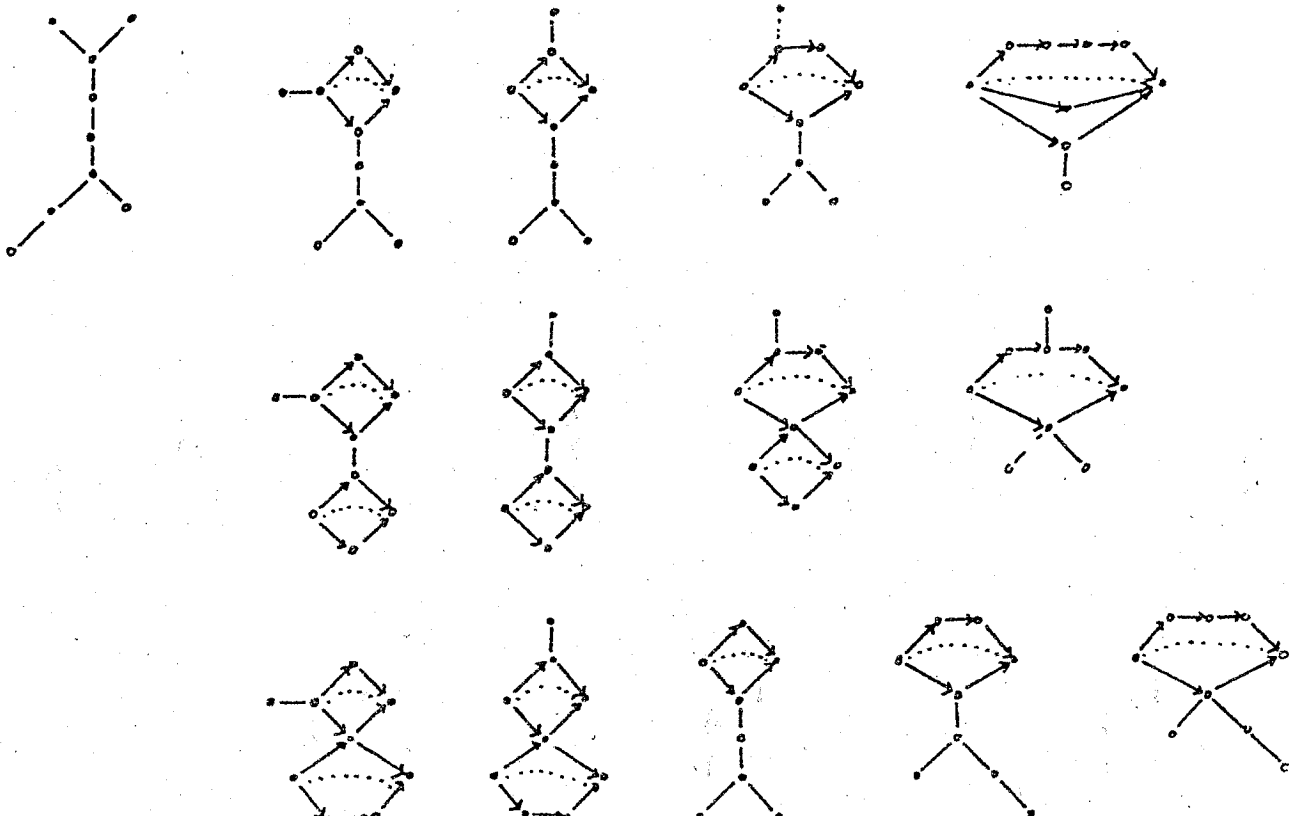

The frames of type \tilde{D}_5

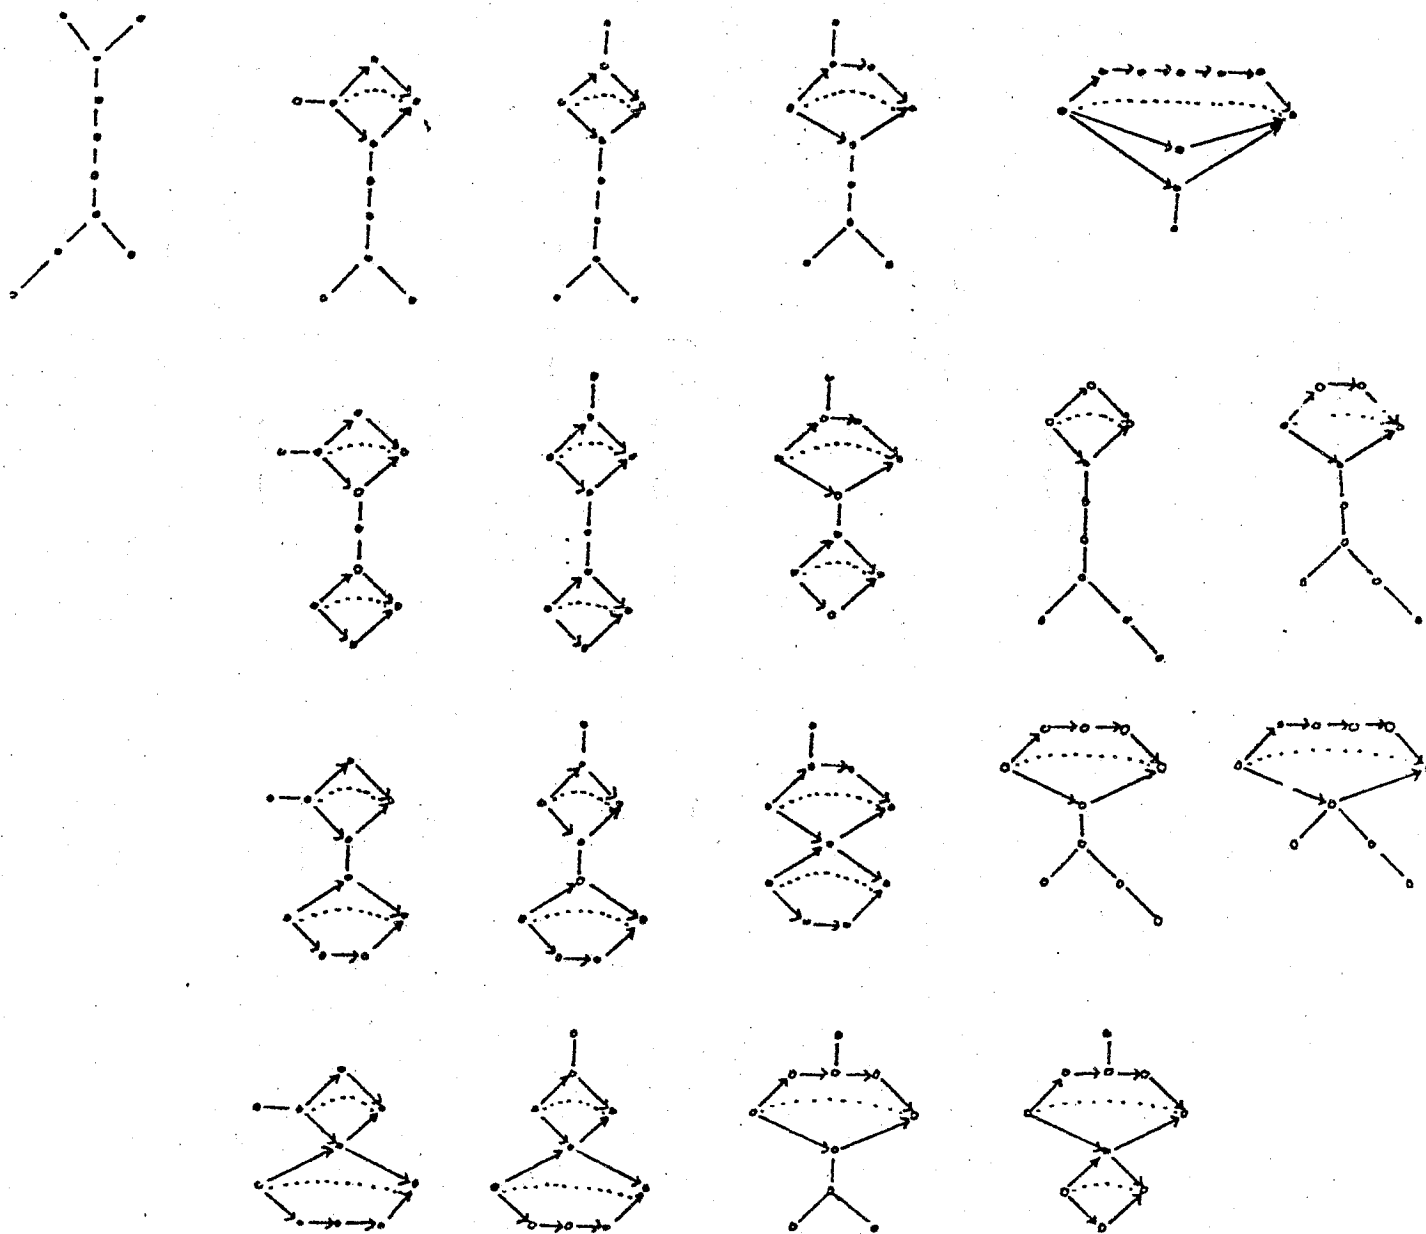

The frames of type \tilde{D}_6

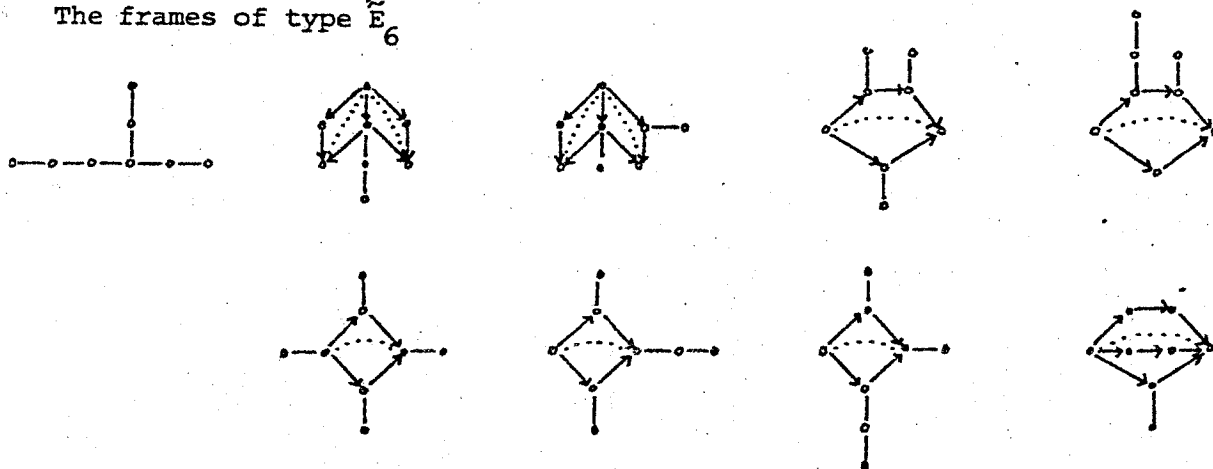

The frames of type \tilde{D}_7

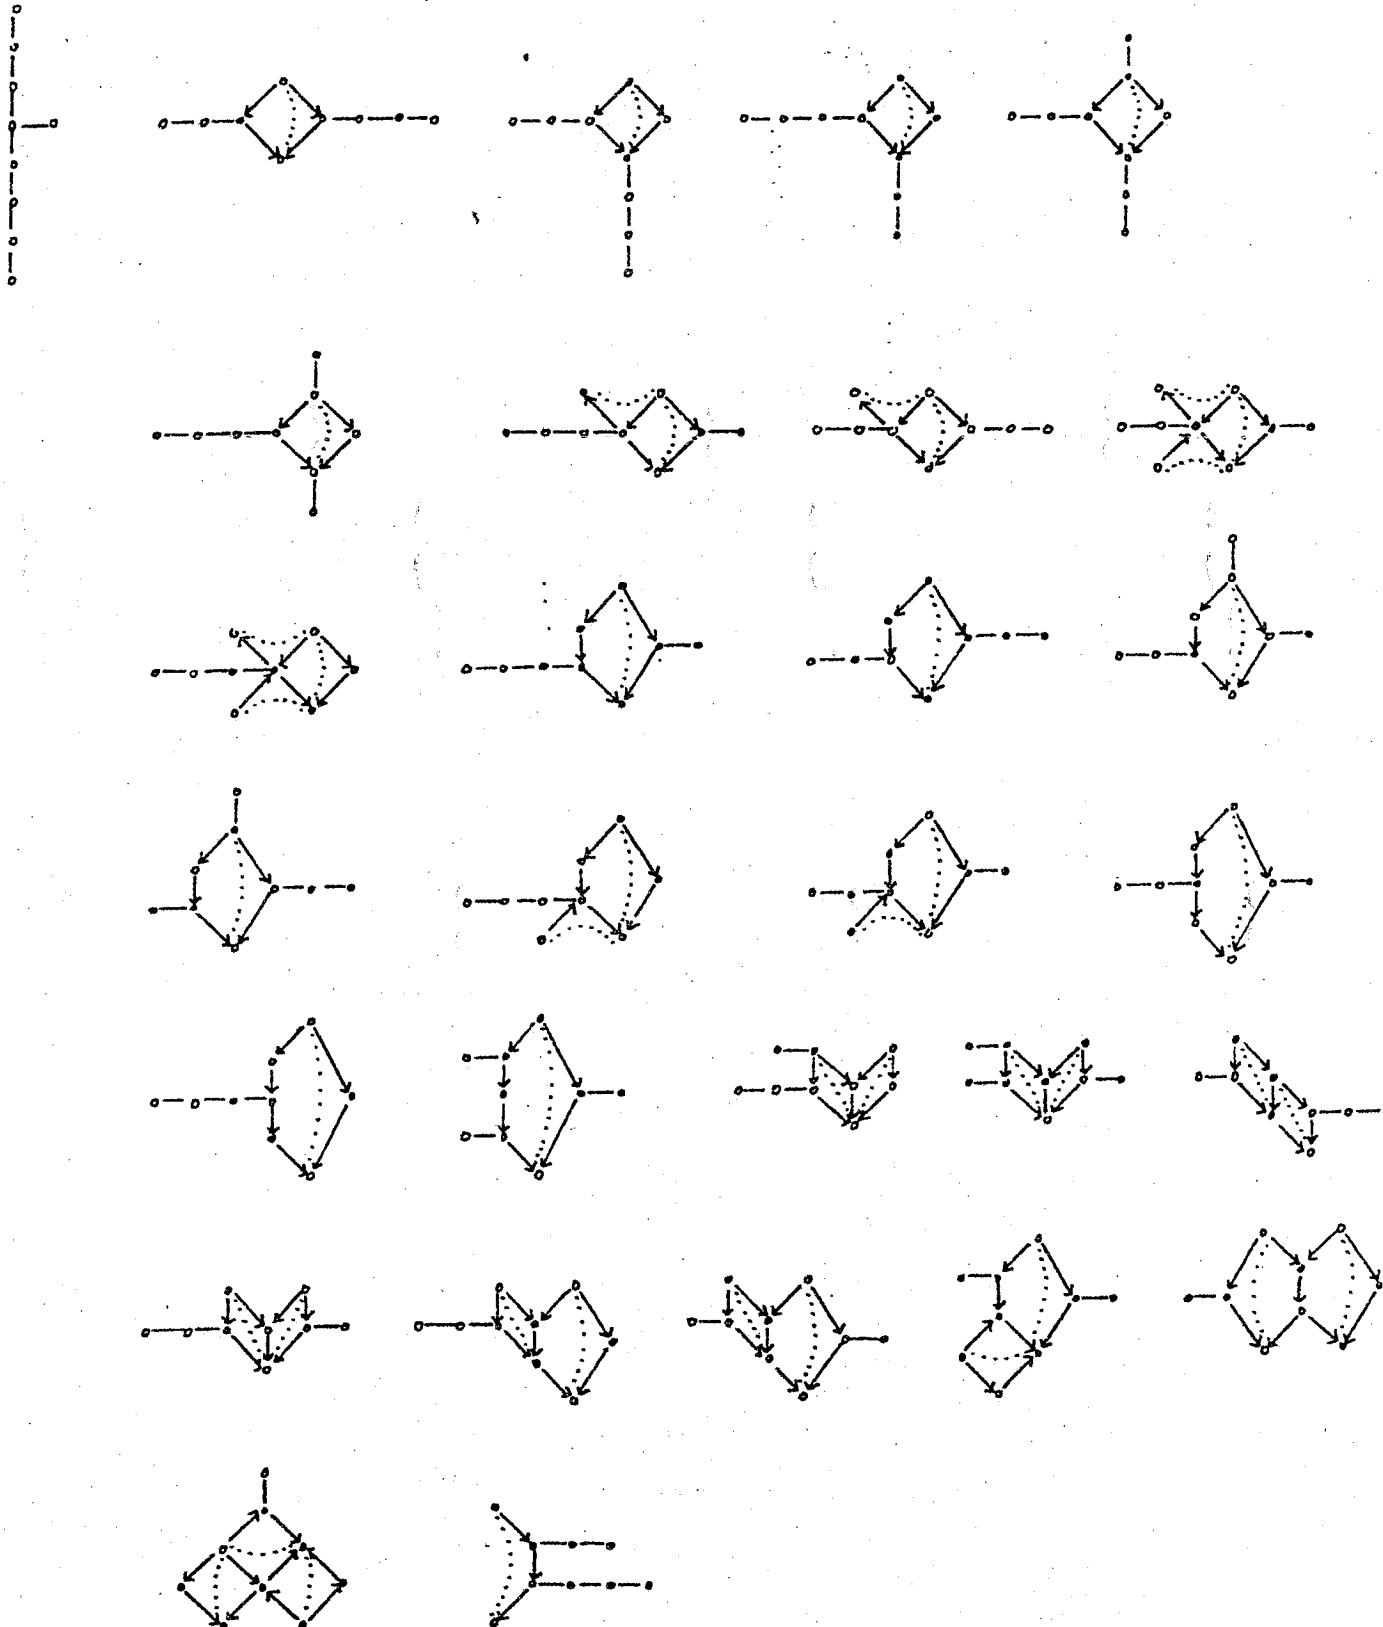

The frames of type \tilde{D}_8

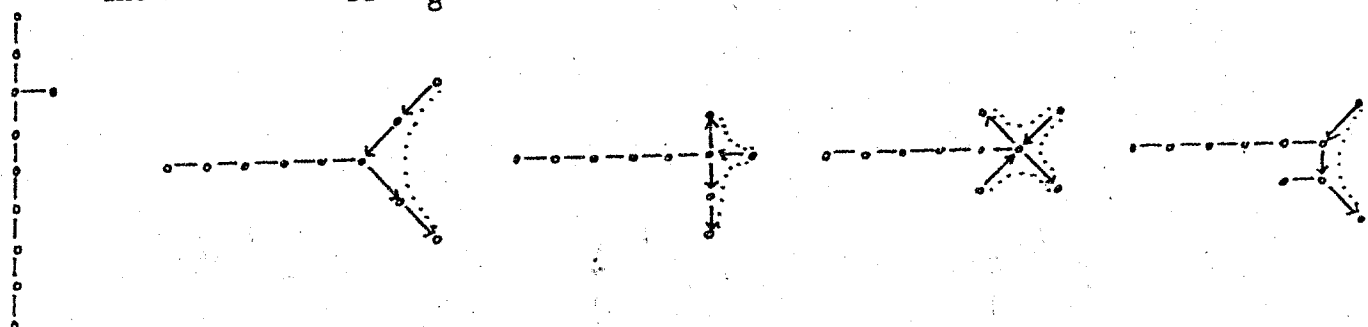

The frames of type \tilde{E}_6

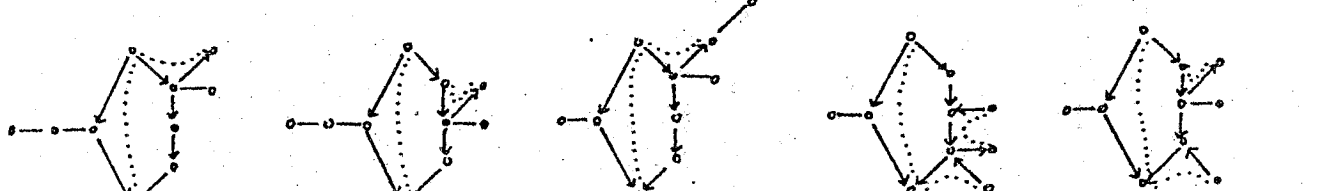

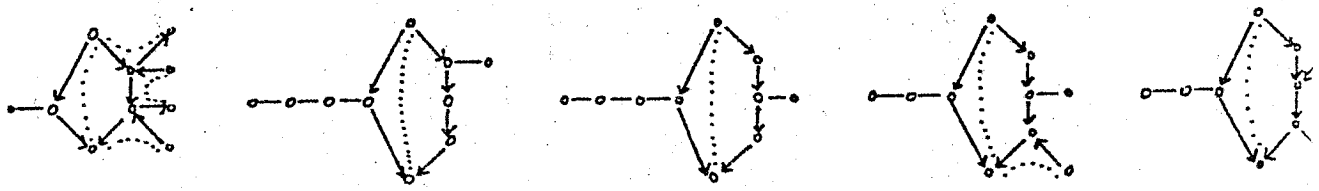

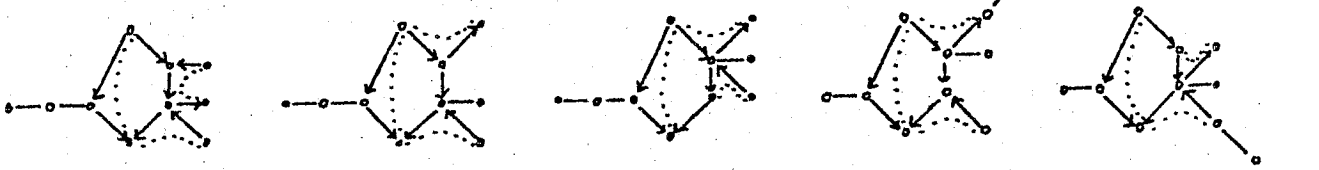

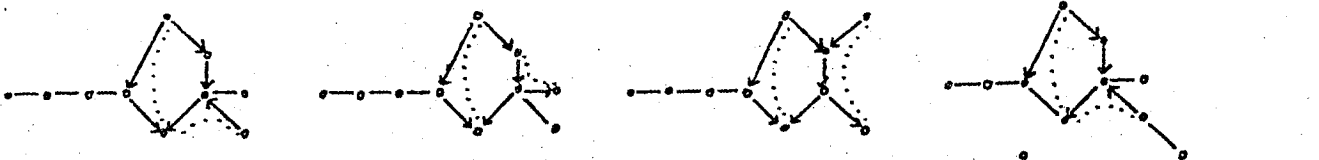

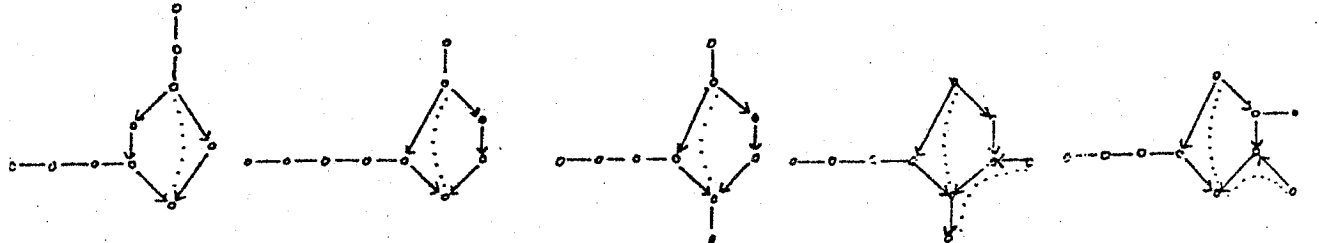

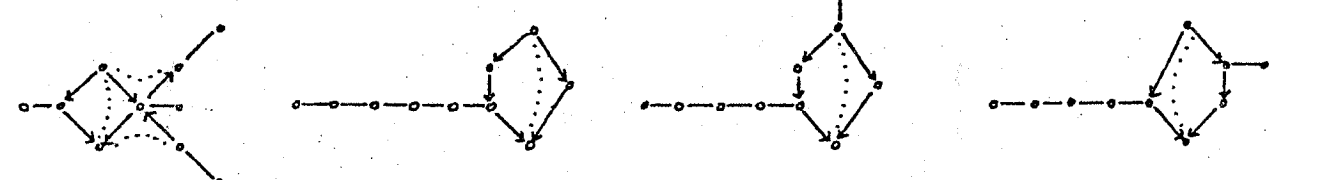

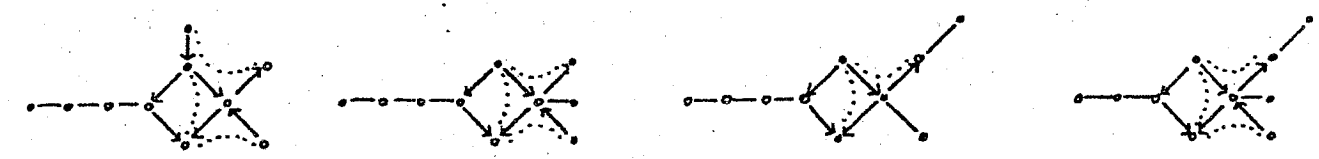

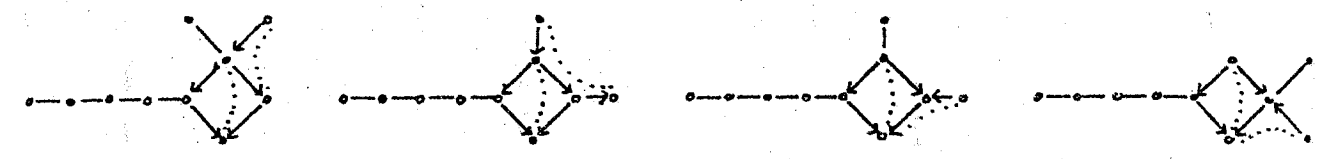

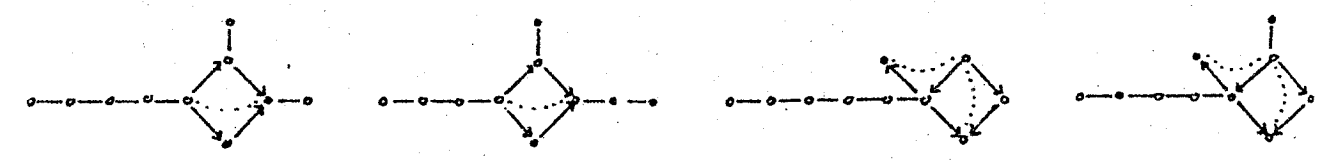

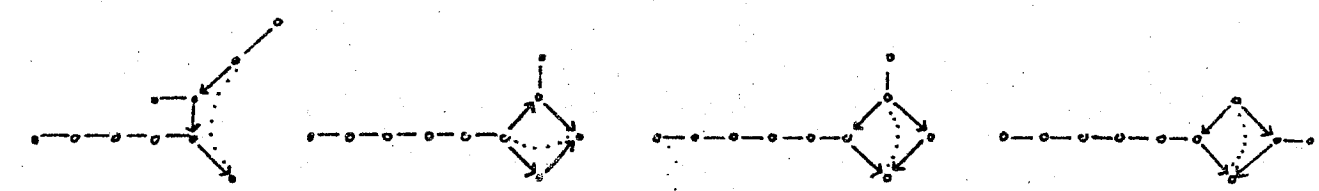

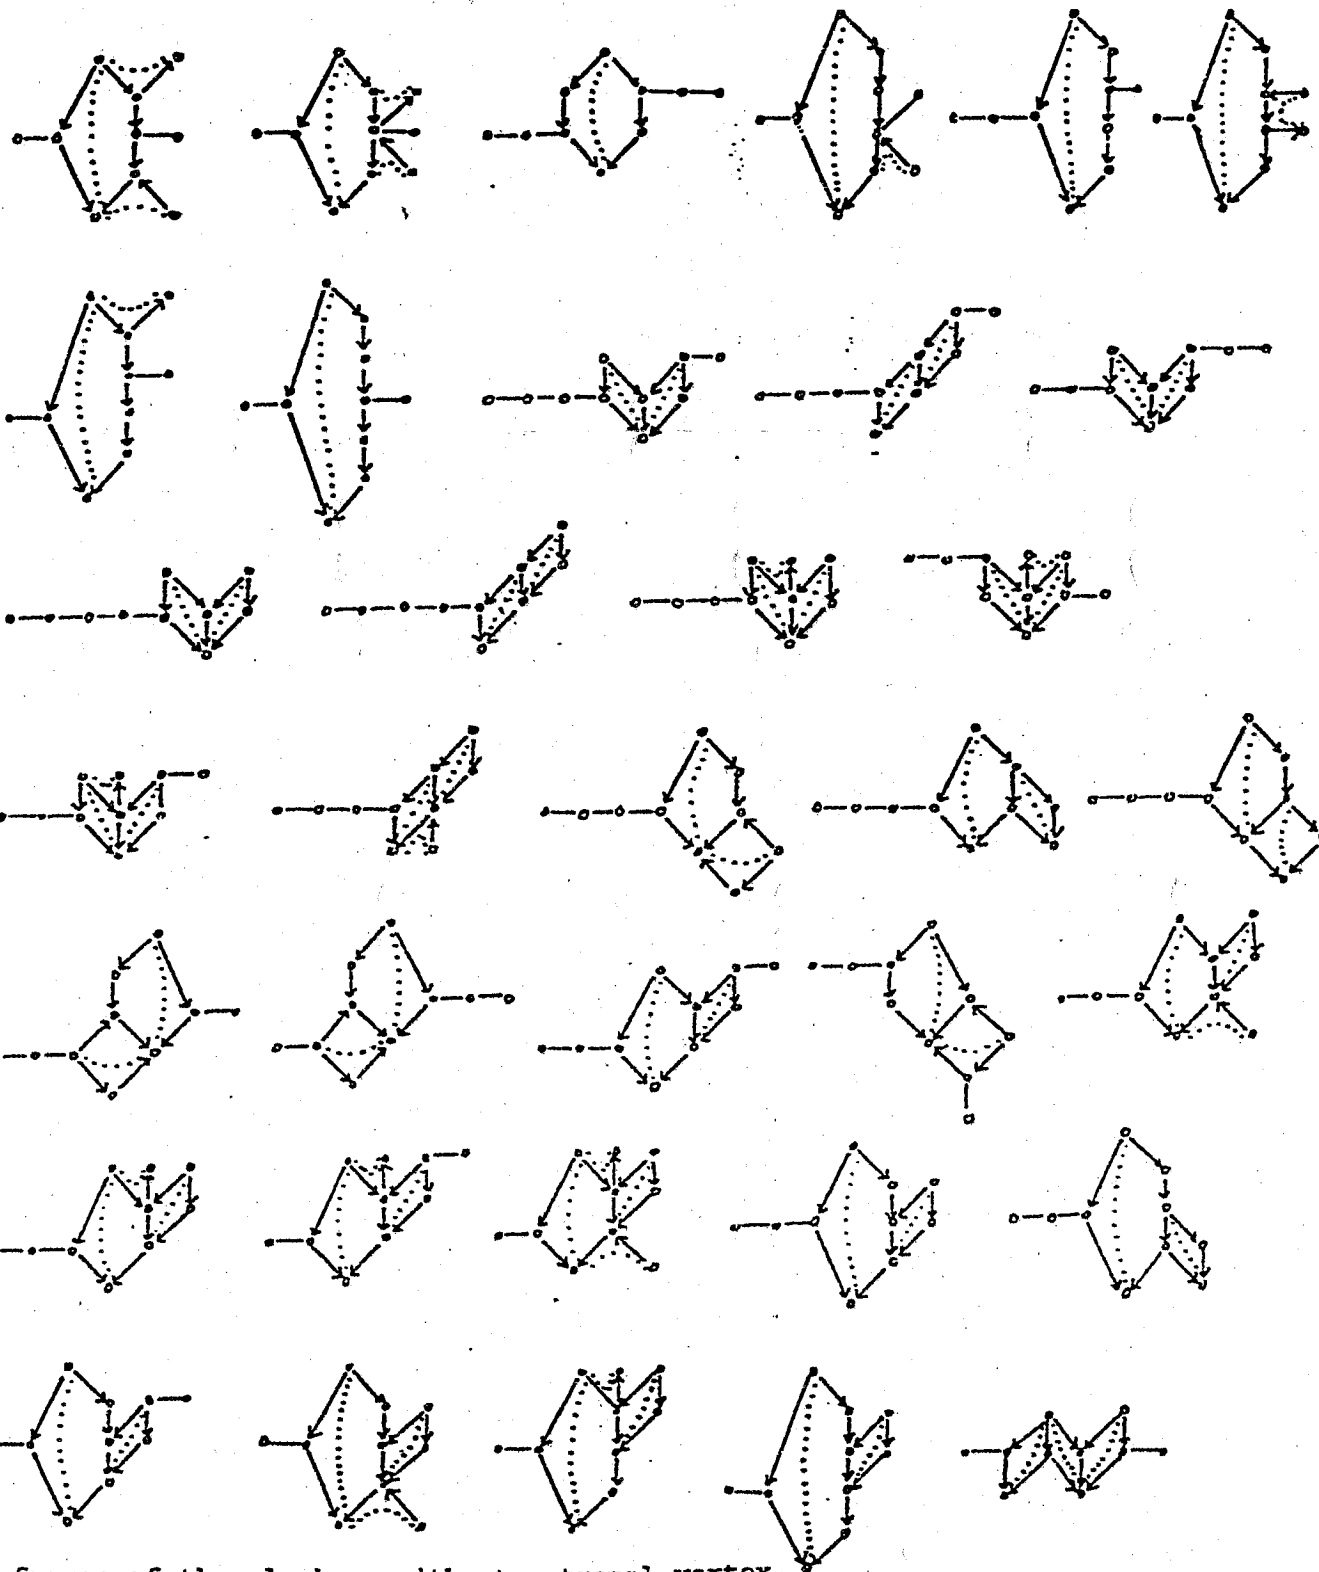

The frames of type E_7

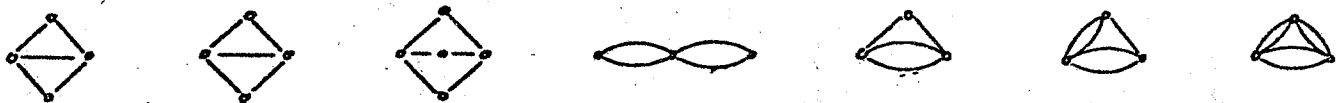

The frames of type E_8

The frames of the algebras without extremal vertex

The frames of the algebras A with extremal vertex x and $A/\langle x \rangle$ of type \tilde{A}_{pq}

The number of vertices in the frames above is at least 3 and at most 9.
